

CT100 Chicken Trailer

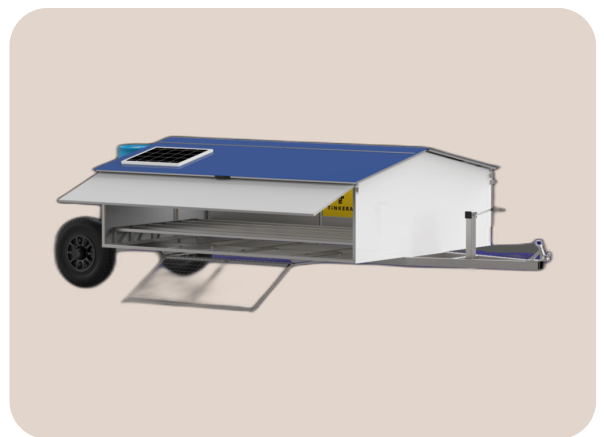

The popular hobby-farm coop for flocks up to 100 birds — tows behind a standard vehicle.

Who it's for

The hobby-farm favourite. Tows with a standard farm vehicle and steps you up from the 50-bird setup — dual-hole roll-away nesting, a 200L water tank and three feeders on board, so a bigger flock still moves in one trip.

Specifications

Capacity	Up to 100 laying hens
Chassis	Galvanised steel, single axle
Wheels	2x all-terrain tyres
Towing	Standard ball-hitch vehicle
Nesting	Dual-hole roll-away (2x NB C50)
Solar	50W system
Control	ChickenMaster Pro control box
Doors	Automatic side door + lighting
Access	Fold-down rear bench + pull-out ramp
Collection	Rear collection bench

Build the system around it

A trailer is a third of a mobile pasture setup — feed and water move too. Most CT100 owners pair it with:

1 Tonne Feeder Trailer

A tonne of weather-protected feed follows the flock — fewer refill runs.

Standard IBC Trailer

1,000L of water to wherever the birds are.

Electric fence kit

Keeps the flock where the rotation needs them.

Add-ons

Misting system · nipple drinker station · custom branding logo · electric fence kit · IBC tank & trailer · 1T feeder trailer

Thinking 100 birds? Tell us what you're running.
