

CT1150 Chicken Trailer

The biggest we build — industrial-grade mobile housing for flocks up to 1,150 birds.

Who it's for

The largest coop in the range, for large pasture-raised operations. The CT1150 runs a sixteen-bay conveyor nesting system on an industrial-grade chassis — maximum flock on fresh ground, with the automation to keep the daily run manageable.

Specifications

Capacity	Up to 1,150 laying hens
Chassis	Industrial galvanised steel
Axle	Solid heavy-duty
Towing	Large tractor / 4WD
Nesting	16-hole roll-away, conveyor belt
Solar	200W system
Control	ChickenMaster Pro control box
Doors	8x automatic side doors + lighting
Access	2x hatch doors for head-counts
Collection	Conveyor egg collection

Build the system around it

A trailer is a third of a mobile pasture setup — feed and water move too. Most CT1150 owners pair it with:

1.5 Tonne Feeder Trailer

1.5 tonnes of weather-protected feed — fewer refills for a bigger flock.

Standard IBC Trailer

1,000L of water to wherever the birds are.

Electric fence kit

Keeps the flock where the rotation needs them.

Add-ons

Misting system · nipple drinker station · custom branding logo · electric fence kit · IBC tank & trailer · 1.5T feeder trailer

Running 1,150 birds? Tell us what you're farming.
