

CT50 Chicken Trailer

Compact mobile housing for small flocks up to 50 birds — moves by hand, runs on solar.

Who it's for

Starting out, or keeping a backyard flock on fresh ground. The CT50 is the entry point to the range — a compact mobile coop you can move by hand or behind a standard vehicle, with solar-powered doors and single-hole roll-away nesting.

Specifications

Capacity	Up to 50 laying hens
Chassis	Galvanised steel, three-wheel
Wheels	3x extra-wide ag tyres, swivel front
Towing	By hand or ball-hitch vehicle
Nesting	Single-hole roll-away (NB C50)
Solar	50W system
Control	ChickenMaster Pro control box
Doors	Automatic side door + lighting
Access	2x lift-up lids for cleaning
Collection	Fold-down rear bench

Build the system around it

A trailer is a third of a mobile pasture setup — feed and water move too. Most CT50 owners pair it with:

1 Tonne Feeder Trailer

A tonne of weather-protected feed follows the flock — fewer refill runs.

Standard IBC Trailer

1,000L of water to wherever the birds are.

Electric fence kit

Keeps the flock where the rotation needs them.

Add-ons

Misting system · nipple drinker station · custom branding logo · electric fence kit · IBC tank & trailer · 1T feeder trailer
